

Republic of the Philippines
Province of Negros Oriental
NEGROS ORIENTAL PROVINCIAL PRICE COORDINATING COUNCIL
Dumaguete City

RESOLUTION NO. 1, SERIES OF 2026

A RESOLUTION RECOMMENDING AND ADOPTING THE SUGGESTED RETAIL PRICE RANGE OF PORK, AND PIGLETS, AND THE BUYING PRICE RANGE FOR LIVE HOGS IN THE PROVINCE OF NEGROS ORIENTAL IN LIGHT OF THE AFRICAN SWINE FEVER (ASF) OUTBREAK, FOR THE GUIDANCE OF CONSUMERS, TRADERS, MEAT DEALERS, HOG RAISERS, AND ALL CONCERNED

WHEREAS, African Swine Fever (ASF) has affected the hog industry in the Province of Negros Oriental, causing serious disruption in the supply chain of swine, pork, and related products, and creating instability in market prices to the prejudice of both consumers and producers;

WHEREAS, the Provincial Price Coordinating Council (PPCC), in the exercise of its mandate to monitor prices and recommend measures to stabilize the supply and price of basic necessities and prime commodities within the Province, finds it necessary to establish a suggested price range for certain pork-related commodities and live hogs in order to guide market transactions during the period of disruption;

WHEREAS, the present condition of the local swine industry calls for a reasonable pricing policy that will, on the one hand, protect consumers from excessive and speculative pricing, and, on the other hand, allow hog raisers, traders, meat vendors, and lechon operators to recover legitimate production, transport, and operating costs arising from the ASF outbreak;

WHEREAS, on 25 July 2026, at the Provincial Capitol, Dumaguete City, the Negros Oriental Provincial Price Coordinating Council convened to discuss the prevailing market situation for pork, lechon, piglets, and live hogs in the Province, and to consider appropriate measures to promote fair and reasonable pricing during the ASF outbreak;

WHEREAS, after consultation, monitoring, and price assessment conducted by the concerned provincial offices and member-agencies of the PPCC, the Council finds basis to recommend the following suggested retail and buying price ranges in the Province of Negros Oriental:

1. Pork (local and imported) – from P240.00 to P290.00 per kilogram;
2. Piglets – from P2,500.00 to P5,000.00 per head; and
3. Live hogs (buying price, live weight) – from P150.00 to P180.00 per kilogram;

WHEREAS, these price ranges are intended as a temporary market-guidance measure to help promote fair trade, discourage profiteering and price manipulation, and assist in maintaining orderly commerce while the Province responds to the effects of ASF;

NOW, THEREFORE, on motion of Mr. Bernard R. Limbaga, duly seconded by Mr. Edward Du, be it RESOLVED, as it is hereby RESOLVED, that the Negros Oriental Provincial Price Coordinating Council adopt and recommend the following suggested price ranges in the Province of Negros Oriental, effective immediately upon approval hereof and until amended, revised, or lifted by the Council:

Commodity	Suggested Price Range
Pork (local and imported)	from P240.00 to P290.00 per kilogram
Piglets	from P2,500.00 to P5,000.00 per head
Live hogs	from P150.00 to P180.00 per kilogram (buying price, live weight)

RESOLVED FURTHER, that all meat vendors, pork dealers, livestock traders, hog raisers, and all other concerned persons and entities in the Province are hereby enjoined to be guided by the foregoing suggested price ranges in their transactions during the pendency of the ASF-related market disruption; provided, that the component cities and municipalities may, through their respective Local Price Coordinating Councils (LPCCs) or other proper local authorities, localize the suggested prices applicable within their respective jurisdictions, so long as the same remain within the price ranges herein established; provided, further, that compliance monitoring, inspection, and appropriate enforcement shall be undertaken by the concerned LPCCs and member-agencies, with public markets to be monitored by the Municipal or City Agriculture Office, the Municipal or City Administrator's Office, and the Municipal or City Veterinarian's Office, as may be applicable, trading centers, bagsakan centers, and auction markets by the Department of Agriculture and its local counterparts, and supermarkets by the Department of Trade and Industry; provided, furthermore, that those component cities and municipalities which have no existing or operational LPCC are hereby enjoined to create, organize, or reactivate the same, as the case may be, for purposes of price monitoring, coordination, and enforcement under this Resolution; and provided, finally, that the LPCCs, chaired by the respective Mayors, shall cause the issuance of the appropriate advisories, letters of inquiry (LOI) in case of non-compliant traders or retailers, and such other lawful directives as may be necessary for this purpose.

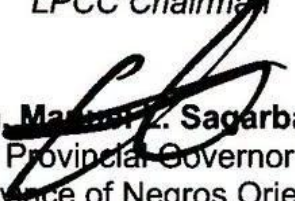

RESOLVED FURTHER, that the Provincial Veterinary Office, Provincial Agriculture Office, Department of Trade and Industry, and other concerned member-agencies of the PPCC shall continue to monitor market conditions, supply movements, and prevailing prices, and shall recommend such adjustments as may be necessary in the interest of fairness, reasonableness, and market stability;

RESOLVED FURTHER, that this Resolution shall not preclude the Province, through the proper agencies and authorities, from undertaking such additional regulatory, monitoring, or enforcement measures as may be authorized by law to prevent hoarding, profiteering, cartelization, and other illegal price manipulation practices;

RESOLVED FINALLY, that copies of this Resolution be furnished to the component cities and municipalities of Negros Oriental, the Provincial Veterinary Office, the Provincial Agriculture Office, the Department of Trade and Industry, the Department of Agriculture, market administrators, and all other concerned offices and stakeholders for their information, guidance, and appropriate action.

Duly approved and signed this 6th day of August 2026 at Dumaguete City, Negros Oriental.

LPCC Chairman

Hon.  Sagarbarria
Provincial Governor
Province of Negros Oriental
